Why Constipation Injures.

The bowels are the "natural sewerage system" of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. Adv.

Mrs. C. Buck has begun the reconstruction of the old Sanders building between the bank and post office which was recently purchased from Elias Kahn.

Spring

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatism. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. Adv.

CLEAN-UP DAY MEETING FOR TONIGHT

A meeting has been called for tonight at the court house for the purpose of taking the preliminary steps toward fixing a date and arranging for a clean-up day in Pioche this year.

The success of the clean-up movement last year is well known to all and if residents enter into the spirit of the occasion with the vim displayed last year the results will be equally pronounced.

Let everybody turn out to the meeting tonight.

DOUBLY PROVEN Pioche Readers Can No Longer Doubt the Evidence.

This grateful citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of me, Dr. W. L. King prop. Carson Weekly, Carson City, Nev., says: "I could hardly stoop over on account of backache, I used Doan's Kidney Pills and am glad to say they cured me. They are the only medicine that has ever helped me." (Statement given Sept. 8, 1909.)

AFTER A LAPSE OF OVER THREE YEARS Mr. King said: "Doan's Kidney Pills did me a world of good when I took them for kidney trouble. I still have the same high opinion of them as ever."

Price 50c, at the dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. King has twice publicly recommended. Foster-Milburn Co., Props. Buffalo, N. Y. Adv.

MORE SOLDIERS TO GO INTO MEXICO

NO THOUGHT OF DISCONTINUING SEARCH FOR BANDIT CHIEF WHO MURDERED AMERICANS.

Infantry Will be Used to Reinforce the Communication Lines, the Cavalry Being Kept at Front for Actual Work of Chase.

Washington.—Such a marked improvement in conditions along the Mexican border has been reported by General Funston that the war department is now considering drawing upon some of the troops stationed in Texas to strengthen the ever-lengthening lines of communication of the expedition seeking Villa. Many alarming rumors have been disposed of and the border situation generally is said to be quieter than heretofore, but the plan is not to disturb the garrisons or patrol in New Mexico or Arizona for the present.

Army officials stated on Monday that from now on infantry would be used to reinforce the communication lines, the cavalry being kept at the front for the actual work of running down the outlaws. A part of the Twenty-fourth Infantry, negroes, withdrawn from Del Rio, Texas, at the request of local authorities after one of the soldiers had been killed by a ranger attempting to arrest him, already has been ordered into Mexico. Evidence continued to accumulate Monday to refute rumors of an impending withdrawal of the American expedition. Soon after it became known that additional troops were to be sent across the border, the war department announced the purchase of six large tank motor trucks to replace similar machines now rented to carry gasoline for General Pershing's supply motors and aeroplanes.

State department dispatches indicate that the Carranza authorities are viewing with some anxiety the continued presence of American troops in Mexico and are inclined to believe that the object of the expedition has been accomplished in the dispersal of Villa's main command. It is authoritatively stated, however, that there has been no suggestion from the de facto government as to a "dead line" beyond which the American troops should not go.

LEAGUE RAPS PEACE PLAN.

Attacks Ford and Advocates Complete National Preparedness.

Washington.—The Navy League of the United States met here Monday for its eleventh annual convention, with three proposals to advance its advocacy of more complete national preparedness—creation of a national defense commission, a navy general staff and a progressive naval program without arbitrary limitation.

FALLON SUGAR PLANT WON'T RUN THIS YEAR

While in Fallon recently Mark Austin, field man for the Utah-Idaho sugar interests, stated that there was no hope of the Fallon factory opening this year. Some years ago while in Fallon, this sugar expert stated that the land in that vicinity was not, at that time, suited to the intensive farming necessary for the production of sugar beets. Time has proved him to have been correct but he looks on the Fallon district as a beet growing country more favorable now than at that time.

Speakers included men prominent throughout the country. Attacks were made on Henry Ford for published statements in his anti-preparedness campaign, and a committee was named to draft a statement replying to his charges.
